CORE COMPETENCIES

Ethical hacking fundamentals (Cisco Certified Ethical Hacker)
Network/firewall configuration (pfSense, VLANs, DHCP/DNS)
Windows Server 2022/2025 administration & Hyper-V virtualization
Hardware diagnostics and repair (PCs, mobile devices, Dell PowerEdge)
Strong communication, documentation, and troubleshooting skills

EDUCATION

Warwick Area Career & Technical Center, Warwick, RI
Cisco/Cyber Security Program (Sep 2023 – 2026)

Tollgate High School, Warwick, RI
High School Diploma, High Honor Roll (June 2026)

CERTIFICATIONS & MEMBERSHIPS

CompTIA Network+
CompTIA A+
TestOut Pro Certified (IT Fundamentals & Security)
TestOut IT Fundamentals
Cisco Certified Ethical Hacker
Cisco Certified: Using Computer & Mobile Devices
OSHA 10
Cisco Certified: Computer Hardware Basics
Cisco Certified: Endpoint Security
SkillsUSA member

TECHNICAL EXPERIENCE

Student Technician, Warwick Area Career & Technical Center (Sep 2023– 2026)
Performed hardware diagnostics, component replacements, and firmware/BIOS updates on PCs and mobile devices
Installed and configured Windows Server 2022 host; deployed virtual machines (pfSense, TrueNAS, Pi-hole) via Hyper-V
Documented system configurations and created troubleshooting guides for peers and instructors

PROJECTS & EXTRACURRICULARS

pfSense Firewall & IDS: Built WAN/LAN interfaces, bridged multiple subnets, planned Snort deployment on both interfaces
TrueNAS Storage Lab: Configured ZFS pools and iSCSI shares for clustered Windows Server access

CyberPatriot Competitions: Secured virtual images, patched vulnerabilities, defended services under time constraints
